Important things to do as parents:

1) Send in the green change of plans form each day your child stays for an after school activity.

2) Send in a note or call the office if your child is NOT staying for an after school activity and IS in school. This is really important because we will be looking for your child after school.

3) If your child is out sick, please mention that they were suppose to stay for an after school activity on your message to the school.
